

Treasurer Manifesto

I'm running for treasurer. On arriving in Cambridge for my first year, I had no idea what to expect from the fencing club and its members. I now find myself in the situation where I really wish to invest more time and energy for a club whose obvious warmth and ambition greatly attracted me throughout the year. Moreover, being an arts student, the Role of treasurer is an appealing challenge that I am not afraid to face! This position would therefore both allow me to get involved in the club and learn new skills; a perfect combo, don't you think?
Pick me! Pick me! Swiss efficiency is no stereotype!
